EXPERIENCE

NPR Supporting Services Pvt. Ltd.

Backend Developer

Oct 2024 - Apr 2025

- Developed RESTful APIs using Laravel and Node.js/Express.js, enabling seamless frontend-backend integration.
- Optimized MySQL and MongoDB databases, improving query performance by 20% through indexing and query optimization.
- Implemented secure JWT authentication systems for user management.
- Collaborated in Agile team environments to deliver scalable web applications.
- Contributed to full-stack development including React.js frontend components

EDUCATION

Swami Vivekanand Subharti University Meerut

Bachelor of Computer Application

Feroze Gandhi Polytechnic Raebareli

Diploma (Computer Science and Engineering)

PROJECTS

Learning Management System

Oct 2024 - Jan 2025

Node.js | Express.js | MongoDB | REST APIs

Key achievements and responsibilities included:

- Architected a RESTful API from scratch, adhering to best practices and design principles.
- Implemented various CRUD operations to handle data efficiently with seamless integration to the MongoDB database.
- Developed middleware for authentication and authorization, securing endpoints against unauthorized access.

E-Commerce Web Application

Laravel | MySQL | Razorpay | REST APIs

- Built RESTful APIs for CRUD operations (products, orders, users)
- With Admin Panel (Admin can perform all crud operations)
- Implemented secure authentication and role-based access
- Integrated third-party APIs (Razorpay) for payments
- Optimized database queries for performance

SKILLS

Backend Development: Node.js, Express.js, OOPs, Laravel, PHP, CodeIgniter-4.2

Databases: MySQL, MongoDB

API Development: RESTful APIs, JWT Authentication

Version Control: Git, GitHub

Additional Skills: JavaScript, HTML, CSS, Bootstrap, TailwindCSS, React.js
